Hey. Why did you have to say such a thing?

I didn't want to be blamed

I didn't want to hear it

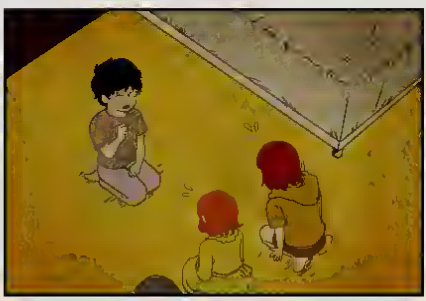
What would I normally do in these kinds of situations?

No words will come out

I don't know what I should do...

Where did
I go wrong?

Was it when
I returned
Miel back to
her father?



Was it
when I
brought
Miel to
my home?

Was it when I got close to Mia?

It not...

Me_

Is it because of me?

I want to get away from here

My head became
filled with
only that
thought

시큼새큼

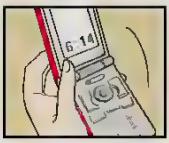
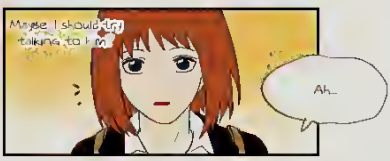
탁!



……

Try talking when you're having a tough time. Give half of it to me!



Maybe I should try talking to him.
Ah…

thing here-
Girl! Kya! Gross-!
thing. Huh? I'm cuter than you!
아니.
꺅! 징그러!!
참나!
네 얼굴이 더 징그럽다!
Onii-san?
What are you doing here?

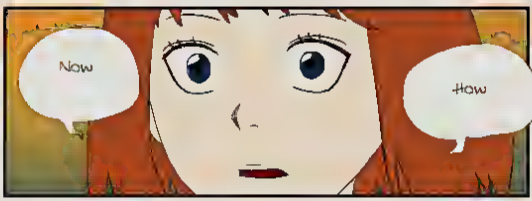
Recently kids these days have been rude!
In my day we weren't like that!
조잘
조잘
Hmm...

Ah! Sorry I couldn't stop talking!
Fufu It's Ok

Did you go to the burial, too?
Eh?

Huh? Aren't you his girlfriend? You didn't go?
도둑이구먼
도둑..

It was Inoo-san's mother's burial

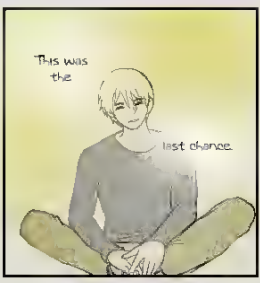


Now
How

Eh! You didn't know!?
I wonder if it's bad that I said it?
When?
If it's become like this I can tell you but...
Even I don't know exactly
It seems like it was when he took a break from work.

I heard that his father died earlier
And now his mother's dead too
Oni-san
Said he went on a trip with his mother

He took it upon himself to go on a trip
That it was the last trip



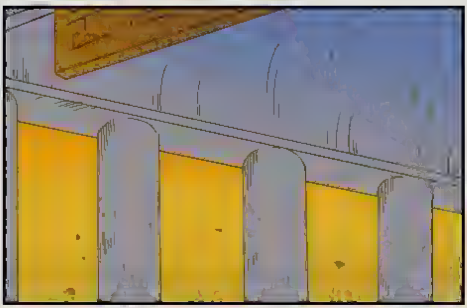
This was the
last chance.

Why am I telling you this.
Don't tell him you heard from me okay?
Where is he
Eh?
WHERE IS ONI-SAN RIGHT NOW!?
HUH!?

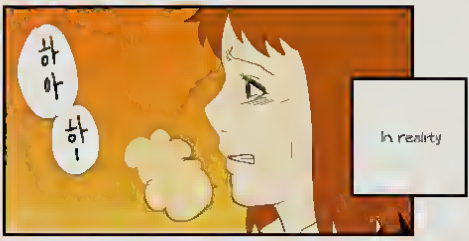
Then
At that time

And that time

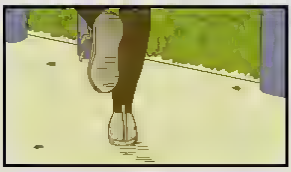
And at that time did he hide his sadness with his smile?



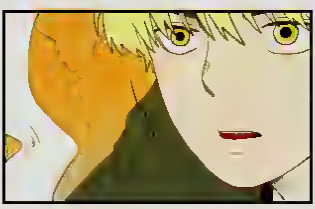
In reality

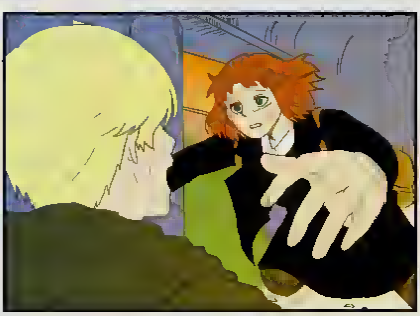


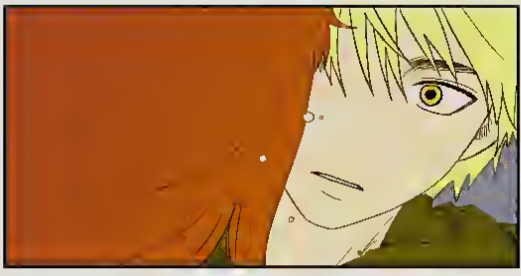
He wanted to cry, and yet...!

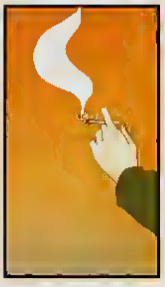


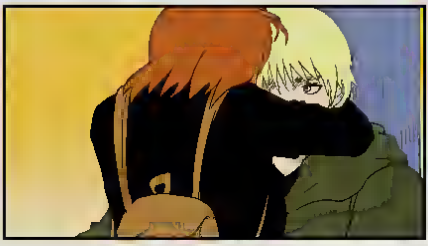
You're going to fall running~

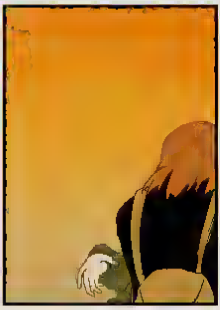






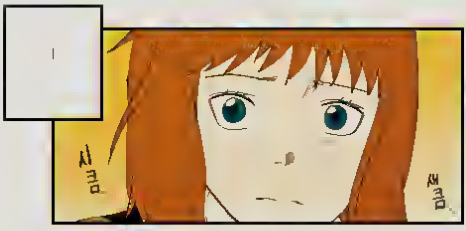






What
I thought you were gonna kiss me
Are you stupid!?
You're going to deny it to that extent?
I'm shocked~

Stupid
What did you say? You're a cheeky kid!
Uwaa! It hurts~



Even though
I want to
be Onii-san's
support

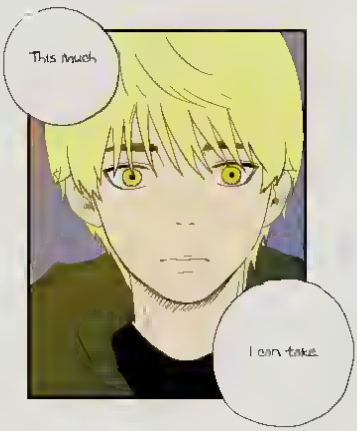
!
Why are you staring at me?

Ah... It's noth
Huh?!

.....

Did something...
happen?

Are you worried about what I said before?
You might end up just relying on the people around you too much
But it's different from carrying anything and everything on your own
It's really nothing at all but...
There are people who have it harder than me and are trying their best to endure so



This much
I can take

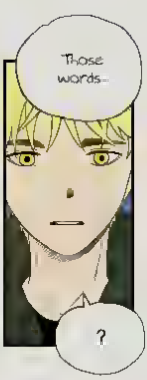
Pfft
푸!
Wha-What!?
My dad!
It's because I heard those words somewhere before..!

Looking at it objectively, if someone is having it harder than you
It doesn't make your pain any less than it is

Needlessly comparing yourself to other people
You will reprove and overlook yourself

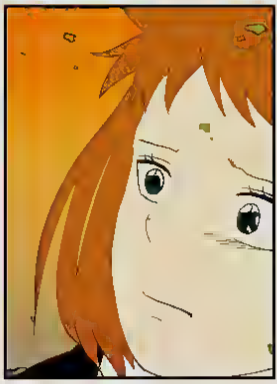
If things are hard you should say they are
If you want to cry you should
No one will blame you

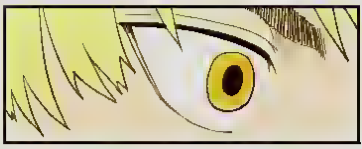
If you bear with it too much
You'll explode

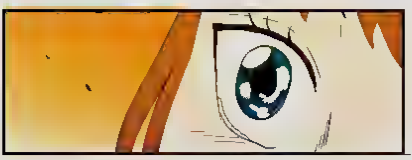


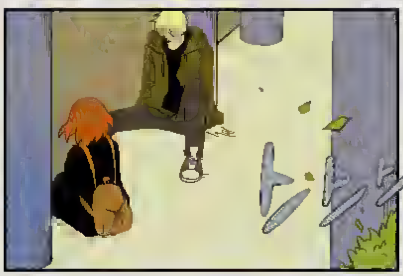
Those words...
?

Are they
for me?



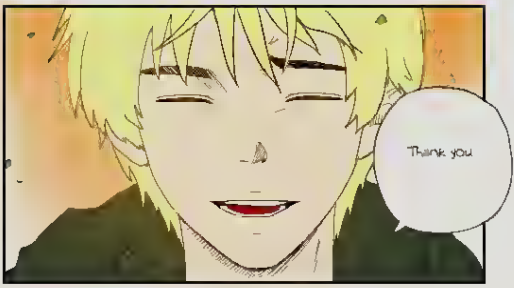


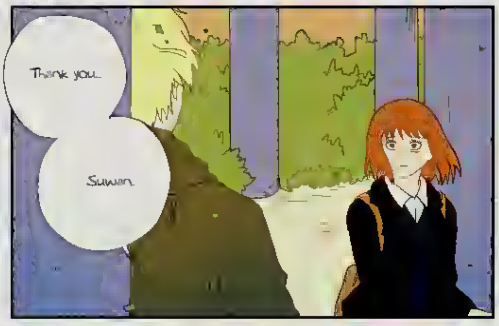




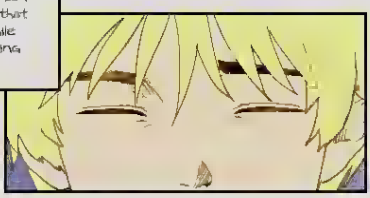
토닥토닥...

Thank you

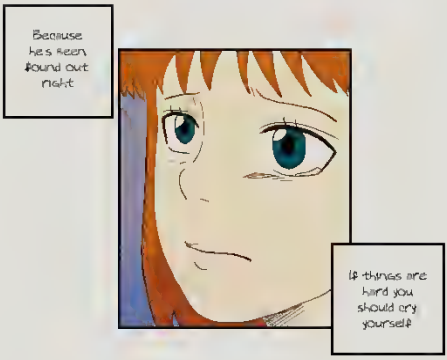




Ori-san said that while smiling



He hid his sadness and smiled pitifully

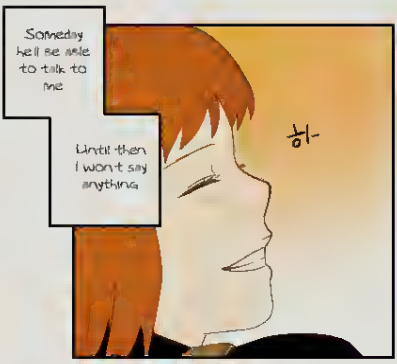


Because he's seen found out right
If things are hard you should cry yourself

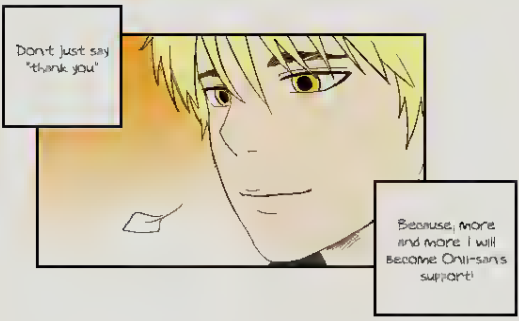
A little...
Even though he should complain a little

You're really stupid

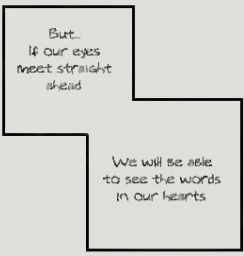
Huh!?



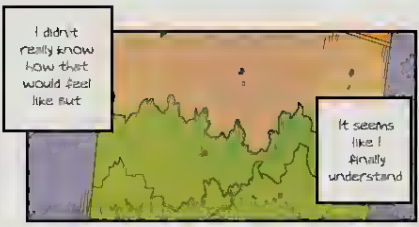
Someday he'll be able to talk to me
Until then I won't say anything
흐-



Don't just say "thank you"
Because, more and more I will become Oni-san's support!



But...
If our eyes meet straight ahead
We will be able to see the words in our hearts



I didn't really know how that would feel like but
It seems like I finally understand
